

Suicide Bomber Prevention & Response

Since 9-11 we have all become complacent in thinking that terrorists are not trying to harm us. All Americans should prepare and train to recognize these threats BEFORE they happen again. This informative course is intended to teach the average citizen as well as first responders how to recognize terrorist activities, whether they are domestic or international threats. Topics will include;

- **WHO are the terrorists?**
- **HOW do terrorists operate?**
- **Types of weapons used by terror cells**
- **Explosives/Bomb recognition**
- **Types of explosives delivery systems**
- **Suicide Bomber behavior**
- **Reporting and documenting suspicious events**
- **POST event procedures**

Who should attend this event?

This course is for **ADULTS ONLY**. While it is open to the public, it is aimed at: Security officers, police, 1st Responders, commercial trucking, receptionists, maintenance personnel, property management, mall employees, govt. employees, transportation workers. Spouses of public safety personnel and civilian employees are welcome to attend.

Cost: FREE. This course is offered as a community service.
